## CHANCELLOR'S MESSAGE

Welcome to the fresh year of 2022-2023 at AUS! Every year many of us elatedly look forward to welcoming another academic gathering that promises us an exciting year with a greater chance to connect, learn and grow in person. This year also marks the completion of a decade of AUS since its very principled beginning. As we embark on the new chapter, I am so very grateful to all those who helped us devise and construct plans that have made us achieve this triumph. I am momentarily impressed by the AUS fraternity that we have continued to pursue the curriculum, research, and community service with utmost professional brilliance. Also, I am highly euphoric in expressing my conviction that AUS shall continue to manifest the highest standards of its academic excellence.

Over this entire era, AUS has become the most popular university in the Northeast where every Faculty member boasts their research-based teaching methodology. I abide by the saying of Albert Einstein who once said "Try not to become a man of success. Rather become a man of value." AUS has always believed that education creates value that reaches the community in its strongest pursuit. I am deeply honoured to be able to help AUS walk toward another extraordinary and incredible year. Such momentum reflects nothing but the joy and fortitude of the staff and faculty some how always endured to build and generate students with a collective resilience yielding to remarkable academic success.

Lastly, the increasing rates of students joining AUS have proved that its growing success, appreciation and academic recognition are right on its virtuous path. AUS has pledged to adhere to work on the virtues of mankind with utmost genuineness and honesty. Therefore this year several other milestones shall be touched whilst we devote ourselves to reaching out to the community educating more about the opportunities of taking Skill Development Programmes and also upskilling them very well in our capacity to ensure they embrace every window of opportunity.

To all those joining AUS - Welcome! Your journey towards your goal is the first bold step forward. I am humbled and I wish you all great success ahead.

Jai Hind.

# FOUNDER'S MESSAGE

माता भूमिः पुत्रोहं पृथिव्याः

**Earth is my mother and I am her child.**

Atharvaveda 12.1.12

Greetings and a warm welcome to everyone for a fresh start of 2022-2023 in the great temple of learning, AUS! I am delighted that you chose Arunachal University of Studies, as it has an excellent learning and life-skilling system that has been yearned and standardised across the world.

In this modern era, the progress of countries is crucial and thus, it is evolving at a pace. Simultaneously, it is disturbing the ecological system of the world. Namsai is one of the very few carbon-negative districts in India. However, with its rapid modernisation, you never know what may happen in the coming years - perhaps turn it into a carbon-positive region.

AUS is committed in supporting the activities of biodiversity protection and upholding the negative status of carbon in the district of Namsai. The university is also planning to adopt non-conventional energy resources to secure the future of our next generation. We all are aware that this beautiful state is filled with amazing vegetation that is recognized all around the world. The state is the homeland of some of the rarest and the most beautiful forests and greeneries. However, because of high urbanization, issues of deforestation and soil erosions are becoming prominent and quite frequent.

With this, I am pleased to announce that no existing trees have been evacuated from the campus so far in building up the university. AUS desires to free the world from the chemicals affected by human activities. Therefore, the university is

actively working hard on environmental protection, health & well-being, sustainability, and adaptive living, livelihood & opportunities, and skills development. Moreover, it would favour keeping our environs safe and green.

We trust the ideology that education has the power to unfold the various mediums of social transformation and further get motivation from the successful careers of the students who graduated from AUS. The purpose of the university is not just to provide a degree but rather to prepare the nation builders for future employment that also includes entrepreneurial setups. Furthermore, this year the AUS fraternity has already commenced the process of implementation of New Education Policies along with an exciting employment-centric curriculum based upon the National Skill Qualification Framework.

Lastly, I would like to convey my heartiest blessings to the young students and alumni of AUS to own a fruitful career and set a great example of their accomplishment to the nation.

## VICE-CHANCELLOR'S MESSAGE

**“The senses are superior to the gross body, and superior to the senses is the mind. Beyond the mind is the intellect and even beyond the intellect is the soul.”**

Bhagavad Gita (3.42)

We are delighted that you are considering Arunachal University of Studies (AUS) as a suitable institution to start or further your professional and academic higher education. I would like to welcome you to this unique and noble campus, which is located in the picturesque eastern Arunachal Pradesh. Our philosophy is to transform your lives, nurture your visions, and fulfil your dreams. We are driven by our guiding principle of providing good quality educational services. As a result, AUS has undergone outstanding transformations and enhancements since its inception in 2012. The state of knowledge on various teaching methods has improved, as has the current enthusiasm in academic research, staff development, and the technology used in teaching and learning. AUS cares for the individual development of each and every student. We, therefore, have adopted a mentor system, under which each class is assigned to a particular faculty member.

Most of our students have moved away from the folds of their families in their quest for knowledge. One needs to feel that they are just moving away from one family fold to another. Their teachers, seniors, and peers all form an extended family from whom they can look up for any guidance, support, and help to move ahead in life as professionals in the study programmes they have opted for.

The prospectus and website provide information about the academic programmes of AUS. I wish good luck, peace, and prosperity to all those who contribute to the noble task of spreading education and its manifest qualities, aims, and objectives.

Jai Hind

# LEADING UNIVERSITY OF NORTH-EAST INDIA

Arunachal University of Studies completes one decade this year since its inauguration in 2012. Ever since its humble establishment, the University has been known as the 'Dawn of Education' in the Northeast. For over a decade the motive of the University has been to incorporate, serve and reformulate the truest meaning of holistic education keeping the industry standards and requirements in mind.

Arunachal University of Studies is one of the leading universities and is ranked as one of the top 10 universities on academic parameters. The Govt. of Arunachal Pradesh through an Act of State Legislator has established the Arunachal University of Studies as State Skill University under Self-Sponsored category. The University is duly recognized by UGC u/s 2(f) and is empowered to award degrees specified u/s 22 of UGC Act 1956. The University is a member of the Association of Indian Universities (AIU), New Delhi. AUS is duly approved by National Assessment Accreditation Council (NAAC). The certifications issued by the University are globally accepted.

The 48 Acre campus is located in the most pristine location of Arunachal Pradesh in the beautiful district of Namsai. The aesthetic beauty of the landscape has enabled both the students and the staffs to come closer to nature, thus giving them a positive mind in becoming great professionals. The primeval location nested within the atmosphere of the Himalayas, AUS is one of the most energy efficient and sustainable campus in the Northeast Region. AUS and its students care for the environment and have taken an oath to protect its vicinity by keeping it healthy for the future generation. Thus, giving you another reason to trust, love, and study at our campus.

In the past 10 years, the University has been praised and allocated for its quality education, both academically and technically. The objective of the campus has always been in delivering the world-class learning atmosphere to the students for which AUS has been systematically combining entertaining elements with learning in its classroom activities. The campus infrastructure is well-equipped with excellent professional faculties, well-furnished classrooms, laboratories, sports facilities, and many others. This lets the students accept their studies with the decent amount of creative fun making their learning experience more mature and joyous.

In this era of modernity where everything we see, hear, or think is always a step ahead, AUS firmly believes in growing at pace. This realization has made it possible for AUS to upgrade its teaching methodology with technologies. And it is one of the most rewarding decision the campus has ever experienced. By acknowledging the power of EdTech, AUS now has all the advance technical learning infrastructure that helps each student be familiarised with their curriculum without hampering the quality of their education right at the comfort of their classroom, hostel, or home.

"Unity in Diversity" is a principle that AUS abides all the time. Being one of the most diverse campuses in the state, studying here opens an unbelievable sense of understanding that exists within the community. Students not only learn their desire subject but also learn a great deal about the unique cultures from their fellow classmates who come to study from all across the country. Also, it is the vision of the Founder that makes AUS a home ground for everyone to avail educational opportunities irrespective of gender, region, religion, creed, caste, and socio-economic conditions.

Lastly, AUS was entrenched with a purpose to reformulate the true meaning of holistic learning via its ultramodern intellectual and innovative pedagogy. In addition, to help the students in identifying their potential and skills, AUS offers more than 120 professional programmes and hiking up their career growth throughout the year. AUS is here ensuring every student creates multiple paths enabling them to grab all the opportunity for growth and success right from the beginning. Come and make beautiful memories of all time with a lively campus culture and the most dynamic learning experience you would ever register to take part in. Welcome to AUS.

## FACULTY OF SKILL DEVELOPMENT & VOCATIONAL STUDIES

The Government of Arunachal Pradesh established Arunachal University of Studies as a state skill university for providing high quality education supplemented with industrial internship and professional training in various areas of studies. As per the reports of NSDC by 2021 around 6 Lakh people of the state will be unemployed. Complying with the legislative directives, the university established FSDVS in 2012. FSDVS is offering employment-centric, capacity building and training related Programme for skill & entrepreneurship development of the youth. FSDVS is also assisting the students of vocational education to transfer already earned formal/ in-formal/ vocational credits into the formal education system and vice-versa.

### National Skill Qualification Framework (NSQF)

FSDVS has adopted all levels of NSQF which was notified by the Ministry of Finance in 2013 for providing common reference framework for linking various vocational qualifications, setting common principles and guidelines for a nationally recognized qualification system & standards and providing course curriculum under competency-based framework that organizes all qualifications according to a series of levels of knowledge, skills and aptitude. NSQF is a quality assurance framework to integrate regular education with competency-based skill education for multiple pathways, horizontal as well as vertical, both with in classroom sessions and practical training and among vocational education & training, general education and technical education.

### Recognition of Prior Learning (RPL)

In a country like ours where a majority of the workforce has not received formal training, RPL is a very important associated function of the NSQF which helps individuals, who have gained learning informally, i.e. through life, work and voluntary activities to get this learning recognized. RPL assessment and certification is one such unique process that enables candidates to align their existing competencies with the NSQF and continue their formal education. RPL also helps them explore different options in skilling and upskilling to bridge the knowledge and skill gaps.

### University Industry Inter Linkage Centre (UILC)

In compliance of UGC notifications, UILC was established by FSDVS in 2015. The significance of university-industry interactions has become an important agenda of higher education on policy-making front at both national and international levels. FSDVS aims to have such collaborations with the industries for ensuring better skill development of candidates during the period of studies. FSDVS is actively working on fulfilling this need by creating and operating suitable collaborative arrangements with other Institutions and industries for promoting the University-Industry interactions in higher education.

### CSR Project of Employability Enhancement

World Education Mission, which is also the sponsoring body of the AUS has assigned many CSR projects funded by reputed organizations to FSDVS for skill training in various sectors. The training will enhance the employability prospectus of the youth of Arunachal Pradesh.

### Charter

Charter signifies for grant of privilege to formally recognize the grantee's existing competencies obtained formally or informally which includes academic or non-academic or work experience. The privileges of charter are assigned by the authority based on evaluation for conferring a certification equivalent to formal academic qualification to the grantee. The AUS is duly authorized to impart NSQF aligned Charter Certification for the purpose of enhancing employable skills amongst trainees. Charter can be earned at a pace, convenience and capability of the trainees. Being NSQF aligned certificate, charter can be equated with corresponding level of formal education and alternatively accepted as base qualification for enrolment in formal Programme offered by AUS.

### Deen Dayal Upadhyaya Grameen Kaushal Yojana

DDUGKY is the Scheme of Ministry of Rural Development (MoRD) as a part of the National Rural Livelihood Mission (NRLM), tasked with the dual objectives of adding diversity to the incomes of rural poor families and cater to the career aspirations of rural youth. It is focused on rural youth from poor families between 15 to 35 years. As a part of the Skill India campaign, it plays an instrumental role in supporting the social and economic Govt. initiated schemes like Make in India, Digital India, Smart Cities and Start-Up India, Stand-Up India campaigns. World Education Mission is the registered Project Implementation Agency for implementing DDUGKY scheme.

### Green Skill Development Programme (GSDP)

GSDP Training on 'Bamboo Crafts' is an appreciating initiative of the Environmental Information System (ENVIS) under the Ministry of Environment and Climate Change. The FSDVS is a registered participant of ENVIS and conducted training related to Bamboo Craft for the unemployed youth between 18 to 25 years of age. As a result, the outcomes of the training are very encouraging; many of the trainees are still working with FSDVS for the development of the Bamboo Crafts Product. The ENVIS and FSDVS have resolved to conduct regular training in various sectors for unemployed youth under the "Nai Manzil Programme" at NSQF Level 2.

We at AUS prepare the students through the programme Green Skill Development (GSDP) for future endeavours and enhance their skills demanded by the various industries in the market as leadership qualities, designing skills, city planning skills, management & communications skills, landscaping, waste management skills, etc. Moreover, these required skills would help transform their personal and mental growth in respect of the green nature and hand out their ample employment opportunities in the future.

# NEEM - National Employability Enhancement Mission

University - Industry - Interlinkage - Centre (UILC)

All India Council for Technical Education (AICTE) appoints Arunachal University of Studies as its National Employability Enhancement Mission (NEEM) Facilitator for the Northeast Region. The NEEM Scheme has instituted AUS as the registered NEEM facilitator for providing On Job Training (OJT)/practical training to less privileged youth by the active collaboration of Industry by preparing them to be capable enough to find subsequent employment post completion of the training tenure successfully. This pioneering venture is to not just provide OJT to students but also counter the issues concerning skilled labour scarcity in India. Under the NEEM scheme, every candidate shall be given a stipend for the willingness to study under the initiative.

Arunachal University of Studies as a NEEM facilitator is the nexus between the industry and student. We at AUS are thoroughly working towards holistically bridging the humongous gap between the availability of skilled resources and the rapidly changing industrial demands. Moreover, to do this, we are primarily focused on generating skill-based human resources by placing special emphasis on the On Job Training so that student gain a very dynamic and productive industry penetration.

Namsai alone caters to nearly 12 important districts of eastern Arunachal Pradesh which covers around 50% area and 55% population of the state. AUS is the only University available to cater to the higher education needs of the eastern part of the country. Despite the geographical distances, the people of the region are aware of the University and its programmes offered. Besides, ever since the university's establishment, a distinctive impart of quality education for the youth including marginalized sections of the society has been witnessed. Therefore AUS objective now looks forward to encouraging the underprivileged youth (irrespective of gender, caste, religion, region, creed, and socio-economical) to grab apprenticeship based on respective preferences to improve their skills and get jobs in the sector.

AUS has always been the forefront On Job Training provider in the state of Arunachal Pradesh. Earlier, University-Industry Inter-Linkage Centre (UILC) was launched in the year 2014 under the Faculty of Skill Development and Vocational Studies following the University Grants Commission (UGC) communication vide reference D.O. No.F.1-14/2015 (CPP-II). The sole purpose of UILC was to offer practical and on the job training to enhance the industrial absorption of the youth of the state of Arunachal Pradesh.

Arunachal Pradesh due to its geographic conditions poses has one of the toughest challenges of the country with respect to growth. Lack of industry, basic infrastructure, feasibility, connectivity etc. is just a few of the constraints that need to be tackled immediately. However, despite all the laybacks, Arunachal Pradesh has enormous potential in tourism, healthcare services, education/skill development, handloom & handicrafts, food processing etc. and AUS desperately wishes to change the overall employment pattern of the state

The University always had a vision in creating an ecosystem that would bring back the dignity of labour in all profession by creating sustainable sources of the wage for every deserving youth in this country. AUS stands in pride in becoming part of the reputed NEEM scheme under the Government of India and looks forward in training work force in Arunachal Pradesh and as per the requirements, ensuring that they get absorbed in the industry based on their skills..

“Navsrijan” is a Sanskrit word meaning novelty. Navsrijan – education above all initiative, is a social educational scheme of the Directorate of Continuing Education, Arunachal University of Studies. Navsrijan was devised by Late Prof. G.N. Pandey, the Founding Vice-Chancellor of the University. It is a unique initiative that generates an opportunity for school dropout students to re-enter mainstream education following the National Skill Qualification Framework of the Ministry of Human Resource Development, Govt. of India.

**Objectives of the Navsrijan Scheme is as follows:**

1. To facilitate dropout students to continue their education, by way of providing bridge courses, Pre-University Programme and Graduation etc.
2. To improve teaching facilities and increase the number of registration in Commerce and Science streams
3. To improve the level of education and the passing percentage of students.
4. To conduct active students/teachers interaction on regular basis.
5. To ensure that the successful students continue their higher education into the university or other institution of higher learning

The state of Arunachal Pradesh has been exponentially developing in the field of education with a vivid focus on expansion, equity, and excellence. Hence, Arunachal University of Studies has introduced the “Navsrijan Scheme” with an effort to reach unprivileged population living in remote areas of the State and to bring equity amongst the society.

The university is making determined efforts to ensure quality education across the state to provide education to the regular and discontinued youth belonging to all sections with an emphasis on lower socio-economic sections of the society. Arunachal Pradesh being a land of positive diversities equally faces severe challenges in terms of its topography, roads connectivity, electricity supply, internet connectivity, etc. As per the 2011 census, the overall literacy rate of the State is 65.38, were male: female literacy rate is 72.55%: 52:53%, which is far below the national average.

AUS believes that the bigger challenge that needs to be addressed is the students' dropout rates, which is up to 80% at secondary and senior secondary level. Hence, to do this, the Ministry of Minority Affairs, Government of India, has confirmed the enrolment of Nai Manzil Scheme under the Navsrijan Scheme of Directorate of Continuing Education of Arunachal University of Studies.

The schemes ensure to get wider publicity and has been addressing challenges in terms of the failing academic standards of the state. AUS through the Navsrijan schemes advocates providing adequate learning resources through the delivery of highly qualified and competent faculty members, well-equipped classroom infrastructure and a holistic approach to the teaching pedagogy.

# DISCIPLINE

## Student Discipline

Every student should attempt to uphold the high ethics, the good name, and the prestige of the University. Therefore, students shall behave in a disciplined manner and follow all the instructions issued by the Arunachal University of Studies Act 2012, from time to time. No student shall indulge in any kind of misconduct/antisocial activities/ act of indiscipline, within or outside the premises of the campus. Failing to do so might subject to strict disciplinary action or might as well face expulsion from the University. No student should take the law into his/her own hands, whatever the circumstances may be. The use of violence by a student on any other person shall be viewed seriously and dealt with penalty. Teasing, name-calling and foul languages are not tolerable within and outside of the University. Students are encouraged to be well mannered and dutiful to all associates of the AUS family. In case of violation of University Student Discipline Regulations made under the Arunachal University of Studies Act 2012, the university is empowered to take an appropriate action, which may include disciplinary actions, or legal criminal action against the violator. Following are more precise and detailed disciplines every student needs to study to avoid any severity.

## Prohibition of Ragging

Ragging in any form is strictly prohibited. If any incident of ragging comes to the notice, the authority would expel the student from the University.

The University will not show any leniency to a misbehaving student and would initiate disciplinary action whenever occasion demands. At the time of admission, every student and his/her parent/guardian shall be required to sign a declaration to the effect that he/she submits himself/herself to the disciplinary jurisdiction of the Vice-Chancellor and the other authorities of the University.

All powers relating to discipline among the students are vested with the Vice-Chancellor. The Vice-Chancellor may delegate all or any of his/her powers as he/she deems proper to any of the Officers of the University specified by him/her. The Vice-Chancellor's decision shall be final in all matters of discipline of the students.

## Specific Rules for Student Discipline
